

Endangered Species Act, 2007

S.O. 2007, CHAPTER 6

Consolidation Period: From June 30, 2008 to the [e-Laws currency date](#).

Preamble

Biological diversity is among the great treasures of our planet. It has ecological, social, economic, cultural and intrinsic value. Biological diversity makes many essential contributions to human life, including foods, clothing and medicines, and is an important part of sustainable social and economic development.

Unfortunately, throughout the world, species of animals, plants and other organisms are being lost forever at an alarming rate. The loss of these species is most often due to human activities, especially activities that damage the habitats of these species. Global action is required.

The United Nations Convention on Biological Diversity takes note of the precautionary principle, which, as described in the Convention, states that, where there is a threat of significant reduction or loss of biological diversity, lack of full scientific certainty should not be used as a reason for postponing measures to avoid or minimize such a threat.

In Ontario, our native species are a vital component of our precious natural heritage. The people of Ontario wish to do their part in protecting species that are at risk, with appropriate regard to social, economic and cultural considerations. The present generation of Ontarians should protect species at risk for future generations.

Therefore, Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

INTRODUCTION

Purposes

1. The purposes of this Act are:
 1. To identify species at risk based on the best available scientific information, including information obtained from community knowledge and aboriginal traditional knowledge.

Rules for classification

- 5.** (1) For the purposes of this Act, COSSARO shall classify species in accordance with the following rules:
- 1. A species shall be classified as an extinct species if it no longer lives anywhere in the world.
 - 2. A species shall be classified as an extirpated species if it lives somewhere in the world, lived at one time in the wild in Ontario, but no longer lives in the wild in Ontario.
 - 3. A species shall be classified as an endangered species if it lives in the wild in Ontario but is facing imminent extinction or extirpation.
 - 4. A species shall be classified as a threatened species if it lives in the wild in Ontario, is not endangered, but is likely to become endangered if steps are not taken to address factors threatening to lead to its extinction or extirpation.
 - 5. A species shall be classified as a special concern species if it lives in the wild in Ontario, is not endangered or threatened, but may become threatened or endangered because of a combination of biological characteristics and identified threats. 2007, c. 6, s. 5 (1).

Geographic limitation

Best available scientific information

(3) COSSARO shall classify species based on the best available scientific information, including information obtained from community knowledge and aboriginal traditional knowledge. 2007, c. 6, s. 5 (3).

Criteria for classification

(4) The criteria for assessing and classifying species as endangered, threatened or special concern species under paragraph 1 of subsection 4 (1) shall include considerations of,

(a) the species' geographic range in Ontario; and

(b) the condition of the species across the broader biologically relevant geographic range in which it exists both inside and outside of Ontario.

Same

(5) If consideration of the condition of the species both inside and outside of Ontario under clause (4) (b) would result in a species classification indicating a lower level of risk to the survival of the species that would result if COSSARO considered the condition of the species inside Ontario only, COSSARO's classification of a species shall reflect the lower level of risk to the survival of the species.

Reports by COSSARO

Annual report

6 (1) Between January 1 and January 21 of each year, COSSARO shall submit an annual report to the Minister that sets out,
(a) the classification of each species that COSSARO has classified since its last annual report, as an extinct, extirpated, endangered, threatened or special concern species; and
(b) the reasons for the classification.

Same

(2) The annual report may also state that,
(a) an assessment of a species indicates that it is not at risk; or
(b) there is insufficient information available to classify a species.

Additional reports

(3) COSSARO shall not submit an additional report with respect to the classification of species to the Minister unless,
(a) the Minister has requested that COSSARO clarify a species or reconsider its classification of a species under section 8; or
(b) COSSARO is of the opinion that a species that is not listed on the Species at Risk in Ontario List as extirpated, endangered or threatened, may be facing imminent extinction or extirpation.

~~— 6. (1) COSSARO may at any time submit a report to the Minister that,~~
~~— (a) classifies a species as an extinct, extirpated, endangered, threatened or special concern species;~~
~~— (b) states that an assessment of a species indicates that it is not at risk; or~~
~~— (c) states that there is insufficient information available to classify a species. 2007, c. 6, s. 6 (1).~~

Annual report

~~— (2) COSSARO shall annually submit a report to the Minister on its work, and shall include in the report the classification of each species that COSSARO classified since its last annual report and the reasons for the classification. 2007, c. 6, s. 6 (2).~~

Species at Risk in Ontario List

2. All the species that are classified by COSSARO as endangered species.
3. All the species that are classified by COSSARO as threatened species.
4. All the species that are classified by COSSARO as special concern species. 2007, c. 6, s. 7 (1).

Commencement of regulations

(5) A regulation under this section comes into force on the day it is filed. 2007, c. 6, s. 7 (5).

Ministry official

(6) The Minister shall, for the purposes of this section, designate an office within the Ministry that is held by a public servant. 2007, c. 6, s. 7 (6).

Transition

~~—(7) The Ministry official shall make and file the first regulation under this section not later than the day this section comes into force, and the regulation shall,~~

Same

~~—(8) For the purpose of subsections (1) and (2), any classifications or geographic areas that are required by subsection (7) to be included in a regulation and that are not classifications made by or geographic areas specified by COSSARO shall be deemed to be classifications made by or geographic areas specified by COSSARO, but nothing in subsection (7) or this subsection prevents COSSARO from submitting a report to the Minister under this Act that reclassifies a species listed in the regulation under subsection (7). 2007, c. 6, s. 7 (8).~~

Same

~~—(9) If, on or after March 20, 2007 and before this section comes into force, COSSARO reported the classification or reclassification of a species to the Minister, the Ministry official shall,~~

~~—(a) if the species is not set out in any of Schedules 1 to 5 and is classified by COSSARO as an extirpated, endangered, threatened or special concern species, include COSSARO's classification of the species in the regulation made under subsection (7);~~

Ministerial requirements

Risk of imminent extinction or extirpation

8. (1) If a species is not listed on the Species at Risk in Ontario List as an extirpated, endangered or threatened species but the Minister is of the opinion that the species may be facing imminent extinction or extirpation, the Minister may require COSSARO to assess and classify the species and, not later than the date specified by the Minister, to submit a report to the Minister under section 6. 2007, c. 6, s. 8 (1).

Reconsideration

(2) If a species is listed on the Species at Risk in Ontario List and the Minister is of the opinion that credible scientific information indicates that the classification on the List ~~may~~ is not ~~be~~ appropriate, the Minister may require COSSARO to reconsider the classification and, not later than the date specified by the Minister, to submit a report to the Minister under section 6 indicating whether COSSARO confirms the classification or reclassifies the species. 2007, c. 6, s. 8 (2).

Same

(3) If COSSARO has reported to the Minister its classification of a species as an extirpated, endangered, threatened or special concern species but the Species at Risk in Ontario List has not yet been amended in accordance with section 7 to reflect the classification, the Minister, if of the opinion that credible scientific information indicates that the classification may not be appropriate, may require COSSARO to,

(a) reconsider the classification; and

(b) not later than the date specified by the Minister, submit a second report to the Minister under section 6 which shall either confirm the classification of the species in the first report or reclassify the species.

~~—(3) Subsection (2) applies, with necessary modifications, if COSSARO has reported to the Minister its classification of a species as an extirpated, endangered, threatened or special concern species but the Species at Risk in Ontario List has not yet been amended in accordance with subsection 7 (4) to reflect the classification. 2007, c. 6, s. 8 (3).~~

Notice

(4) Upon requiring COSSARO to reconsider a classification of a species under subsection (3), the Minister shall publish a notice of the requirement for a classification reconsideration on a website maintained by the Government of Ontario.

Content of notice

(4.1) A notice under subsection (4) shall,

(a) state that the Minister is of the opinion that credible scientific information indicates that the classification of the species in COSSARO's first report may not be appropriate;

(b) set out the reasons for the Minister's opinion; and

(c) sets out the date by which COSSARO is required to submit a second report to the Minister under section 6 which shall either confirm the classification of the species in the first report or reclassify the species.

Timing of amendments to regulation

(4.2) If the Minister requires under subsection (3) that COSSARO reconsider its classification of a species set out in a first report made under section 6,

(a) the requirement under subsection 7 (4) for the Ministry official to make and file an amendment to the Species at Risk in Ontario List within 12 months after the day the first report is received no longer applies with respect to the species; and

(b) the Ministry official shall, not later than 12 months after the day the second report is received from COSSARO in accordance with clause (3) (b), make and file an amendment to the Species at Risk in Ontario List so that it accurately reflects information relating to the species contained in the second report.

Same

~~—(4) A requirement imposed by the Minister under subsection (3) does not delay or otherwise affect the obligation to comply with subsection 7 (4) or the application of this Act to the species. 2007, c. 6, s. 8 (4).~~

Consultation with chair of COSSARO

~~—(5) The Minister shall not require COSSARO to do anything under this section unless he or she has consulted with the chair of COSSARO. 2007, c. 6, s. 8 (5).~~

Temporary suspension of protections upon initial listing

8.1 (1) Subject to subsections (2) and (3), the Minister may, by regulation, order that, as of the day a species is listed on the Species at Risk in Ontario List as an endangered or threatened species for the first time, the application to the species of all or some of the prohibitions in subsections 9 (1) and 10 (1) shall be temporarily suspended.

Timing

(2) An order under subsection (1) shall be made by the Minister after he or she receives a report from COSSARO under section 6 classifying a species as endangered or threatened but before the amendment is made to the Species at Risk in Ontario List under section 7 to reflect the new classification of the species by COSSARO.

Criteria

(3) The Minister may make an order under subsection (1) only if,

- (a) before the report was submitted by COSSARO under section 6, the species was not listed as an endangered or threatened species on the Species at Risk in Ontario List;
- (b) the Minister is of the opinion that,
 - (i) the application of the prohibitions would likely have significant social or economic implications for all or parts of Ontario and, as a result, additional time is required to determine the best approach to protecting the species and its habitat, and
 - (ii) the temporary suspension will not jeopardize the survival of the species in Ontario; and
- (c) the Minister is of the opinion that the species meets at least one of the following criteria:
 - (i) the species is broadly distributed in the wild in Ontario,
 - (ii) the amount, quality and availability of the species' habitat in Ontario is not currently limiting its survival or recovery in Ontario,
 - (iii) addressing the primary threats to the species is not currently possible or feasible and additional time is needed to assess the best approach to addressing those threats,
 - (iv) successfully reducing the primary threats to the species requires the cooperation of other jurisdictions and additional time is needed to assess the best approach to addressing those threats,
 - (v) any other criteria prescribed by the regulations made by the Lieutenant Governor in Council.

Order

(4) An order under subsection (1) shall,

- (a) identify the species to which it relates;
- (b) specify the prohibitions in subsections 9 (1) and 10 (1), the application of which will be suspended under the order;
- (c) set out the date on which the suspension of the specified prohibitions will end, subject to subsection (5); and
- (d) state the reason for the suspension.

Period of suspension

(5) An order under subsection (1) shall provide that the period of suspension,

- (a) begins immediately upon the species being listed on the Species at Risk in Ontario List as endangered or threatened, as the case may be; and
- (b) ends on the date set out in the order which shall be no later than three years after the day on which the species is listed on the Species at Risk in Ontario List as an endangered or threatened species for the first time.

Geographic areas

(6) An order under subsection (1) may be limited to one or more geographic areas described in that order.

Change of species' name

(7) An order may not be made under this section with respect to a species if, before the species classification set out in the most recent COSSARO report submitted under section 6, the species, or some members of the species, were classified under a different common or scientific name that appeared on the Species at Risk in Ontario List as belonging to an endangered or threatened species.

Effect of order

(8) For greater certainty, the making of an order under subsection (1) with respect to a species does not relieve the Minister of any obligations in sections 11, 12, 12.1 or 12.2 with respect to that species.

Delay of prohibitions upon initial listing

8.2 (1) Where a species is listed on the Species at Risk in Ontario List as an endangered or threatened species for the first time, the prohibitions in clause 9 (1) (a), the prohibitions against possessing and transporting things under clause 9 (1) (b) and the prohibitions in subsection 10 (1) shall not apply to the following persons for a period of one year starting on the day the species is so listed:

1. A person engaged in an activity under a permit that was issued under subsection 17 (1) or 19 (3) before the species is so listed.
2. A person engaged in an activity under an agreement that was entered into under subsection 16 (1), 16.1 (3) or 19 (1) before the species is so listed.
3. A person engaged in an activity that is a regulated activity within the meaning of section 18 if the regulated activity was,
 - i. authorized by an instrument, as defined in subsection 18 (1), that was entered into, issued, made or approved before the species is so listed, and
 - ii. prescribed as a regulated activity for the purposes of section 18 by a regulation made under clause 18 (3) (a).

Where prohibitions suspended under s. 8.1

(2) Despite subsection (1), if the Minister makes an order under section 8.1 temporarily suspending the application of all or some of the prohibitions referred to in subsection (1) with respect to a species upon that species being listed on the Species at Risk in Ontario List as an endangered or threatened species for the first time, those prohibitions shall not apply to a person referred to in subsection (1) for a further period of one year starting immediately after the end of the period of temporary suspension.

Limitations

(3) Subsections (1) and (2) authorize a person to carry out an act that would otherwise be prohibited under clause 9 (1) (a) and subsection 10 (1) or to possess or transport something contrary to clause 9 (1) (b), subject to the following limitations:

1. The person shall take reasonable steps to minimize the adverse effects of the activity that was authorized by the permit, agreement or instrument referred to in subsection (1) on the species that is listed on the Species at Risk in Ontario List as an endangered or threatened species for the first time.
2. The person shall carry out the acts or possess or transport something only if doing so is,
 - i. necessarily incidental to the activity that was authorized by the permit, agreement or instrument referred to in subsection (1), or
 - ii. necessary for the purpose of taking the reasonable steps mentioned in paragraph 1.

Change of species' name

(4) Subsection (1) does not apply to a regulation that lists a species on the Species at Risk in Ontario List as an endangered or threatened species for the first time, based on a species classification set out in the most recent COSSARO report submitted under section 6, if before the listing, the species, or some members of the species, were classified under a different common or scientific name that appeared on the Species at Risk in Ontario List as belonging to an endangered or threatened species.

PROTECTION AND RECOVERY OF SPECIES

Prohibition on killing, etc.

9 (1) No person shall,

- (a) kill, harm, harass, capture or take a living member of a species that is listed on the Species at Risk in Ontario List as an extirpated, endangered or threatened species;
- (b) possess, transport, collect, buy, sell, lease, trade or offer to buy, sell, lease or trade,
 - (i) a living or dead member of a species that is listed on the Species at Risk in Ontario List as an extirpated, endangered or threatened species,

(1.1) If a species is listed on the Species at Risk in Ontario List as an endangered or threatened species for the first time, the application of the prohibitions in subsection (1) with respect to the species is subject to any order made under section 8.1

Exception, species regulations

(1.2) Subject to section 57, the Minister may, by regulation, limit the application of the prohibitions in subsection (1) with respect to a species that is listed on the Species at Risk in Ontario List as an endangered or threatened species.

Same

(1.3) Without limiting the generality of subsection (1.2), a regulation under that subsection may,

- (a) provide that some of the prohibitions in subsection (1) do not apply with respect to a species or provide that they do not apply in specified circumstances;
- (b) limit the geographic areas to which all or some of the prohibitions in subsection (1) apply, or the times at which they apply, with respect to a species;
- (c) limit the application of all or some of the prohibitions in subsection (1) to a specified stage in the development of a species; or
- (d) provide that a limitation set out in the regulation is subject to specified conditions.

Consideration of government response statement

(1.4) Before a regulation is made under subsection (1.2), the Minister shall consider any government response statement that has been published under section 12.1 with respect to any species affected by the regulation.

Possession, etc., of species originating outside Ontario

(2) Clause (1) (b) does not apply to a member of a species that originated outside Ontario if it was lawfully killed, captured or taken in the jurisdiction from which it originated. 2007, c. 6, s. 9 (2).

Specified geographic area

(3) If the Species at Risk in Ontario List specifies a geographic area that a classification of a species applies to, subsection (1) only applies to that species in that area. 2007, c. 6, s. 9 (3).

Possession and transport by Crown

(4) Clause (1) (b) does not apply to possession or transport of a species by the Crown. ~~2007, c. 6, s. 9 (4).~~

Same, persons or body

(5) Clause (1) (b) does not apply to possession or transport of a species by a person or body if the Minister has authorized the person or body to possess or transport the species for,

- (a) scientific or educational purposes; or
- (b) traditional cultural, religious or ceremonial purposes.

Conditions

(5.1) An authorization granted under subsection (5) is subject to such conditions as the Minister may specify in the authorization.

~~Transfer for certain purposes~~

~~—(5) If the Crown is in possession of anything referred to in clause (1) (b), the Minister may transfer it to another person or body and authorize the person or body to possess it, despite clause (1) (b), for,~~

- ~~—(a) scientific or educational purposes; or~~
- ~~—(b) traditional cultural, religious or ceremonial purposes. 2007, c. 6, s. 9 (5).~~

Interpretation

- (6) A reference in this section to a member of a species,
 - (a) includes a reference to a member of the species at any stage of its development;
 - (b) includes a reference to a gamete or asexual propagule of the species; and

(c) includes a reference to the member of the species, whether or not it originated in Ontario. 2007, c. 6, s. 9 (6).

Prohibition on damage to habitat, etc.

10. (1) No person shall damage or destroy the habitat of,

- (a) a species that is listed on the Species at Risk in Ontario List as an endangered or threatened species; or
